(From the Brooklyn, N.Y., Standard-Union.)
There is a curious character in Blissville,

children, as "the doctor," although his
advice has r'ways been gratuitous and he
has but one remedy.

proprietor of the Homestead Hotel, where a Standard Union reporter found him last night.

"What is the secret of my remedy?" he smilingly observed, in response to a question. "There is no secret. Neither am I a doctor; and there hasn't been one in my house for almost a quarter of a century. My doctor stands up there on the safe in the form of Perry Davis' Pain-Killer, and under no circumstances would I allow myself to be without a bottle.

"I was once afflicted by ulcerated sore throat, and my position became so critical that three physicians, who had been called in consultation, gently broke the yarn to me that my days were numbered. An application of Pain-Killer was suggested. I tried it. A week later I was back at my work.

"A few weeks afterwards a neighbor's wife was suffering from the same affliction. I sent a bottle to her, and in a few days she came to my house to thank me for having saved her life.

"My oldest boy, last winter, was attacked with inflammatory rheumatism. I applied Pain-Killer and drove every vestige of the malady out of his system.

"My two boys were brought through a siege of diphtheria, at a time when the disease was widespread and the Pain-Killer's success with them induced me to send a dozen bottles to neighbors whose children were also prostrated. In every instance it effected a cure. That's why they call me
